It also includes two "quick search" options at the top of the page.

There are two roles for Staff Members who are using the ChMS Membership Subsystem:

Search for an Individual

This allows the user to search for an any individual in the ChMS.

Each individual can be a membership status of type:

- Member
- Non-Member/Tithe
- ?
- ?

To Confirm: Membership Status is based on the individual and *not* the household. So it is possible to have a household where one is a member and the other one is a non-member/tithe.

Columns can be sorted by any column in either ascending or descending order. By default, it is sorted by Last Name in ascending order.

Clicking any First or Last name for an individual will take the user to **Screen 2.2** for that individual.

## Edit an Individual – Membership Dates

This screen allows a user to edit the dates for an individual's specific membership (or in adding a new membership).

The "Start" date is required. The "End" date is only required if we are editing an old membership and there is a current, active membership in place. Otherwise, it is not required.

If we are entering a new membership or editing the current membership, the title will be updated to reflect that.

## Edit an Individual – Family and Households

This screen allows a user to edit an individual's status in families and in households.

If a "Married To" name is entered, that name **must** be associated with an actual database record for that Individual.

Therefore, changing the name will refresh the datagrid of individuals. If a name is entered, the individual **must** be selected — if none is selected, then the user will be prompted "Create a new database record for 'Keri Brown' as a new Individual?" The user must either specify "Yes" or must enter in another name to find the Individual's record in the database.

TODO: Edit/Delete and creation of new households still needs to be defined.

**Update** will save the data and then close the window (taking the user back to where he or she came from).

**Close** will simply close the window (taking the user back to where he or she came from) without saving anything to the database.

View an Individual – Contact Information Tab  
Single Household

This screen shows all the various contact  
informations for this Individual, both through his/her  
household (e.g. home phone and home address) as  
well as individual contact information (e.g. business  
phone and business address, email, etc.)

The **Add New** button is used to add a new current  
home address for the household — in essence, it's  
to be used when the household is reporting a move  
to a new house.

Clicking on any of the addresses allows the user to  
edit the address information -- but it's primarily to be  
used to edit/fix mistakes. If a new address is to be  
reported (e.g. due to a move), the **Add New** button  
should be used instead, so that old/historic home  
address information can be kept in the system.

Clicking on any address or the **Add New** button will  
redirect the user to **Screen 2.3.2**.

Clicking on **Set as Current** will simply relabel the  
address as the "Current Home" address. Any  
"Current Home" address will be set as a Previous  
Home address.

Clicking on any address in "other addresses" or the  
**Add New** button will redirect the user to **Screen  
2.3.3**.

Address Types for "other addresses" can be:

- Current Work
- Previous Work
- Previous Home (only for individuals who are in at  
least one multi-person household)
- Other

Clicking on non-home telephone or the **Add New**  
button will redirect the user to **Screen 2.3.4**.

Note: the only way to edit/add/remove a Home  
phone is to go through the "Home Address and  
Phone for the Smith Household" at the top of the  
page (e.g. through Screen 2.3.2)

Telephone Types for "Phone Information" can be:

- Home (only editable via Screen 2.3.2)
- Mobile
- Work
- Fax
- Other

Only one phone can be set as "Primary".

Clicking on email address or the **Add New** button  
will redirect the user to **Screen 2.3.5**.

Clicking on any "Other Contact" or the **Add New**  
button will redirect the user to **Screen 2.3.6**.

Edit an Individual – Household Address and  
Phone

This dialog box allows the user to add a new or edit  
an existing Household home address and phone.  
This is to be used by all individuals, regardless of  
household status.

If the individual is in just one, single-person  
household, then the dialog box title would say "Edit  
Individual Home Address and Phone".

Options are:  
• Current Home Address  
• Previous Home Address

If this address being edited is either new or not  
current, and if the user selects this to be a Current  
Home Address, upon clicking **Update** the user will  
first be warned "You are about to save a new  
Current Home Address. This will set the current  
home address to being a "previous home address".  
Are you sure you want to continue?"

Clicking **Add Another** adds another blank  
"Alternate Home Phone" textbox to appear.

Clicking **Update** will save the record. Both **Update**  
and **Cancel** will close the window, redirecting the  
user back to **Screen 2.3.1**.

This dialog box is to be used for all individuals, regardless of household status.

See **Screen 2.3.1** for phone type information.

If this phone being edited is either new or not the Primary, and if the user selects this to be the Primary, upon clicking **Update** the user will first be warned "You are about to make this the Primary phone number for this individual. This will cause the current primary to no longer being primary. Are you sure you want to continue?"

Clicking **Update** will save the record. Both **Update** and **Cancel** will close the window, redirecting the user back to **Screen 2.3.1**.

## Edit Individual — Ministry Participation

This dialog box is to be used when editing an existing ministry participation or in creating a new one.

In order to better manage ministries and sub-ministries, ministry drop-downs could be hierarchical.

Roles can include an "other", where a textbox will appear and a new role can be entered.

Clicking on any date will show a date-textbox to appear over the date.

Add a Membership Period appears only if there is no current participation. When clicked, a new row will appear where the dates can be clicked to edit.

View an Individual – Comments

This screen shows all the staff, general and pastor comments for this individual.

There are three levels of comment privacy:

- Confidential – can only be viewed by pastors and executive staff members
- Staff Comments – can be viewed by any ALCF staff member
- General Comments – can be viewed by anyone with access to the ChMS, including lay ministry leaders

"Posted By" filter will only list the names of users who have posted a comment on this individual.

"Comment Type" filter will be any of the levels of comment privacy that this user is allowed to see.

"Edit" is only available for comments that the user has actually entered — no one is able to edit a comment that they didn't enter. Clicking on "Edit" brings up a similar dialog box to that in **Screen 2.5.1**

"Hide" will hide the comment for all users. It can reappear if the user chooses to "include hidden comments" and then "unhides" the comment.

## View an Individual – Stewardship

The entire Stewardship section (e.g. everything under 2.6.x including this 2.6 screen) can *only* be viewed by folks in the Stewardship team. There will be a special permission that is required in order for a user to be able to view anything in this section.

Every stewardship item must be associated with one and *only* one person. Reports (e.g. reports that can be mailed out to the individual) can be run against individuals or against households.

Date Range includes things like "View All", "Year to Date", "Month to Date", etc. See any program like Quicken for an example of date ranges to use.

Funds can be one of the following:

- Tithes/Offering
- Building Fund
- Specific to a Given Ministry
- Scholarship to a Given Event
- Support for a given individual or cause

List of specific ministries, events, and individuals or causes can be edited by anyone in the Stewardship committee in the Administration section. See **Screen 2.2** for more information.

In addition to the set list above, individual campaigns and additional funds can be created by anyone in the Stewardship Committee. Examples of additional funds include:

- Imagine Campaign
- ?

Transaction Types can be one of the following:

- Cash
- Check (needs a check #)
- Credit Card (Online)
- Credit Card (Recurring)
- Corporate Match (Pre-Taxed)
- Corporate Match (Post-Taxed)
- Stock Donation
- Car/Automobile
- ?

Note that any pre-tax Corporate Match contribution should NOT be calculated in receipts used for tax-deductible purposes.

All transactions also have an internal "notes" or "comments" type of field, which can be edited and viewed only by folks in the Stewardship committee.

Clicking on any Check # will pop up a graphic with the check image. See dialog box in **Screen 2.6.2** for more information.

Clicking on any Date will pop up a dialog box similar to that in **Screen 2.6.1** allowing the user to edit or even delete the transaction.

### Questions:

- Do we need to deal with Anonymous contributions? How are those to be handled?
- Do we ever need to "flag" a given transaction (to be looked into at a later time)?

Edit Individual – Stewardship

This dialog box allows the user to view, edit or even delete a transaction.

Note that transactions are never actually deleted from the database. A transaction is simply removed from view, and a transaction log will record the user that deleted the transaction.

Funds that have a "sub fund" type (e.g. ministry, scholarship and support) will be required to have the sub fund type specified in a second drop down.

## Search for a Household

This allows the user to search for an a specific household in the ChMS.

Each individual can be a membership status of type:

- Member
- Non-Member/Tithe
- ?
- ?

To Confirm: Membership Status is based on the individual and *not* the household. So it is possible to have a household where one is a member and the other one is a non-member/tithe.

Columns can be sorted by any column in either ascending or descending order. By default, it is sorted by Last Name in ascending order.

Clicking any First or Last name for an individual will take the user to **Screen 2.2** for that individual.
