It also includes two "quick search" options at the top of the page.

There are two roles for Staff Members who are using the ChMS Membership Subsystem:

- Staff User
- ChMS Administrator

For the most part, ChMS Administrators have the ability to add/delete other users, and also have the capability of setting permissions on each Staff User. Staff Users can have the following permissions set

- CanViewStewardship
- CanViewConfidentialNotes
- CanMergeIndividuals

The Administration button and tab (in the navbar)
is only accessible to those ChMS Users that have
this permission.

Search for an Individual

This allows the user to search for an any individual

Each individual can be a membership status of

type: • Member

Non-Member/Tithe

None

To Confirm: Membership Status is based on the individual and not the household. So it is possible to have a household where one is a member and the other one is a non-member/tithe.

Columns can be sorted by any column in either ascending or descending order. By default, it is sorted by Last Name in ascending order.

Clicking any First or Last name for an individual will take the user to Screen 2.2 for that individual.

Depending on the type of individual, the screen the individual would show up on would be on one of the following wireframes:

Individual that is part of a single household would

- be displayed on **Screen 2.2**
- Individual that is not part of any households (e.g. single person) would be displayed on Screen 2.2.1 · Individual that is part of multiple households would be displayed on Screen 2.2.2

Any fellow household members for all households that an individual belongs to is also listed on the

Position in household can be one of the following:

- Spouse
- Child
- Parent (e.g. for a household with an adult Head of Household, "Parent" would be the grandparent in
- that household)

There can only be one Head of Household.

Clicking on any of the names will take the user to the Screen 2.2, Screen 2.2.1 or Screen 2.2.2 for that individual, depending on the individual him/ herself according to the rules detailed above.

Only users with the CanMergeIndividuals permission can view or click on the Merge Records button. Button will take the user to Screen 2.7.

Edit an Individual – Membership Dates

This screen allows a user to edit the dates for an individual's specific membership (or in adding a new membership).

The "Start" date is required. The "End" date is only required if we are editing an old membership and there is a current, active membership in place. Otherwise, it is not required.

If we are entering a new membership or editing the current membership, the title will be updated to reflect that.

Both buttons take us back to the dialog box in **Screen 2.2.4**

ALCF Church Management System IA Membership Subsystem 2.2.5 Edit Individual, Family and Households

Edit an Individual – Family and Households

This screen allows a user to edit an individual's status in families and in households.

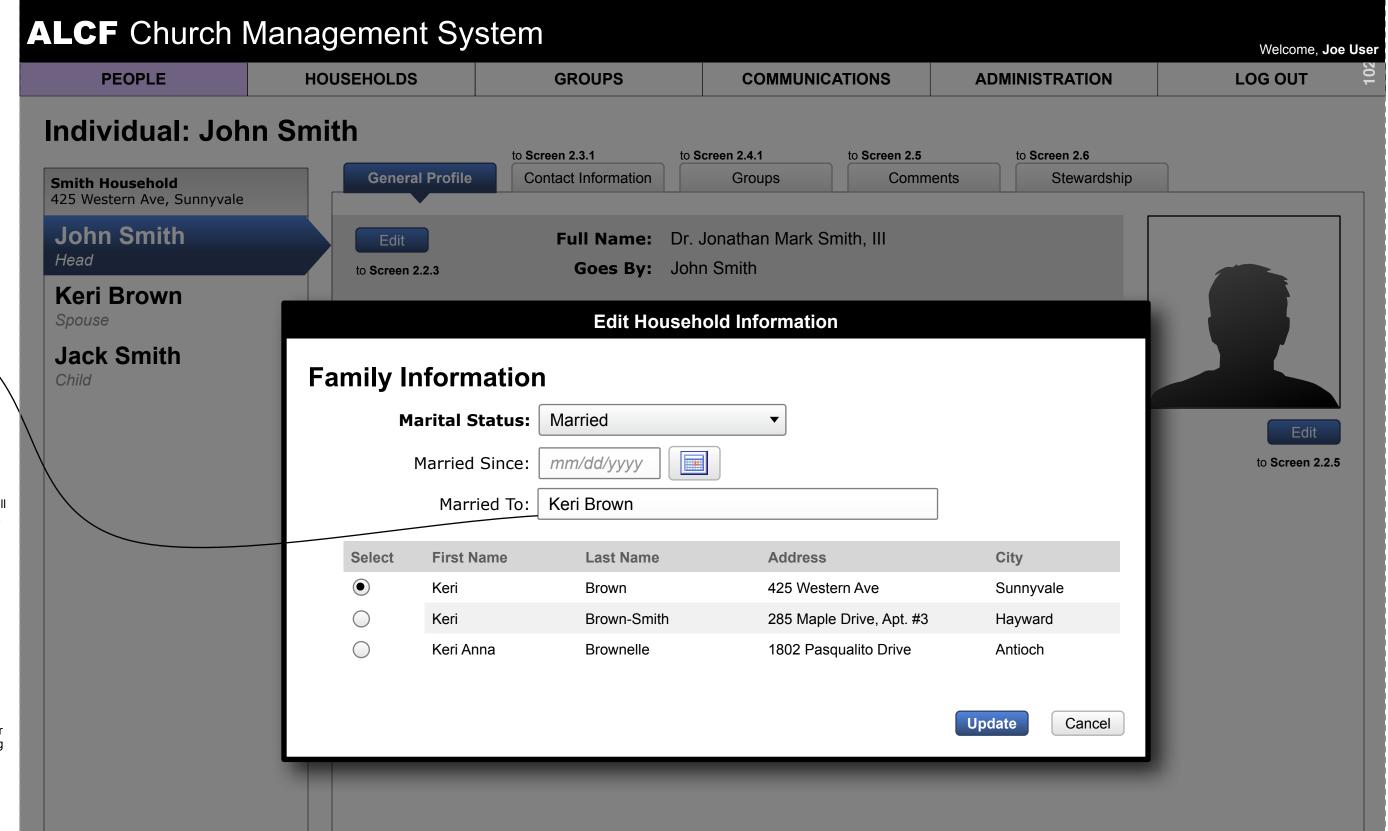

If a "Married To" name is entered, that name **must** be associated with an actual database record for that Individual.

Therefore, changing the name will refresh the datagrid of individuals. If a name is entered, the individual **must** be selected — if none is selected, then the user will be prompted "Create a new database record for 'Keri Brown' as a new Individual?" The user must either specify "Yes" or must enter in another name to find the Individual's record in the database.

If a new individual is created, then the individual will automatically be added to this person's household. If an existing individual is selected, then the user will be prompted "Merge into a single household?"

Update will save the data and then close the window (taking the user back to where he or she came from).

Close will simply close the window (taking the user back to where he or she came from) without saving anything to the database.

View an Individual - Contact Information Tab Household

This screen shows all the various contact informations for this Individual, both through his/her household (e.g. home phone and home address) as well as individual contact information (e.g. business phone and business address, email, etc.)

The Add New button is used to add a new current home address for the household — in essence, it's to be used when the household is reporting a move

Clicking on any of the addresses allows the user to edit the address information -- but it's primarily to be used to edit/fix mistakes. If a new address is to be reported (e.g. due to a move), the Add New button should be used instead, so that old/historic home address information can be kept in the system

Clicking on any address or the Add New button will redirect the user to Screen 2.3.2.

Clicking on **Set as Current** will simply relabel the address as the "Current Home" address. Any "Current Home" address will be set as a Previous

For multi-person households, changes will apply to all members of the household.

Clicking on any address in "other addresses" or the Add New button will redirect the user to Screen

Address Types for "other addresses" can be:

- Current Work
- Previous Work
- Previous Home (only for individuals who are in at least one multi-person household)

Clicking on non-home telephone or the Add New button will redirect the user to Screen 2.3.4.

Note: for members that are part of a household, the only way to edit/add/remove a Home phone is to go through the "Home Address and Phone for the Smith Household" at the top of the page (e.g. through Screen 2.3.2)

Telephone Types for "Phone Information" can be:

- Home (only editable via Screen 2.3.2)
- Mobile

Only one phone can be set as "Primary".

Clicking on email address or the Add New buttor will redirect the user to Screen 2.3.5.

Edit an Individual - Household Address and

This dialog box allows the user to add a new or edit an existing Household home address and phone. This is to be used by all individuals, regardless of household status.

If the individual is in just one, single-person household, then the dialog box title would say "Edit Individual Home Address and Phone".

Options are: Current Home Address Previous Home Address

If this address being edited is either new or not current, and if the user selects this to be a Current Home Address, upon clicking Update the user will first be warned "You are about to save a new Current Home Address. This will set the current home address to being a "previous home address". Are you sure you want to continue?'

If the address being edited is current, then the Current/Previous drop-down and the Delete button are both grayed-out.

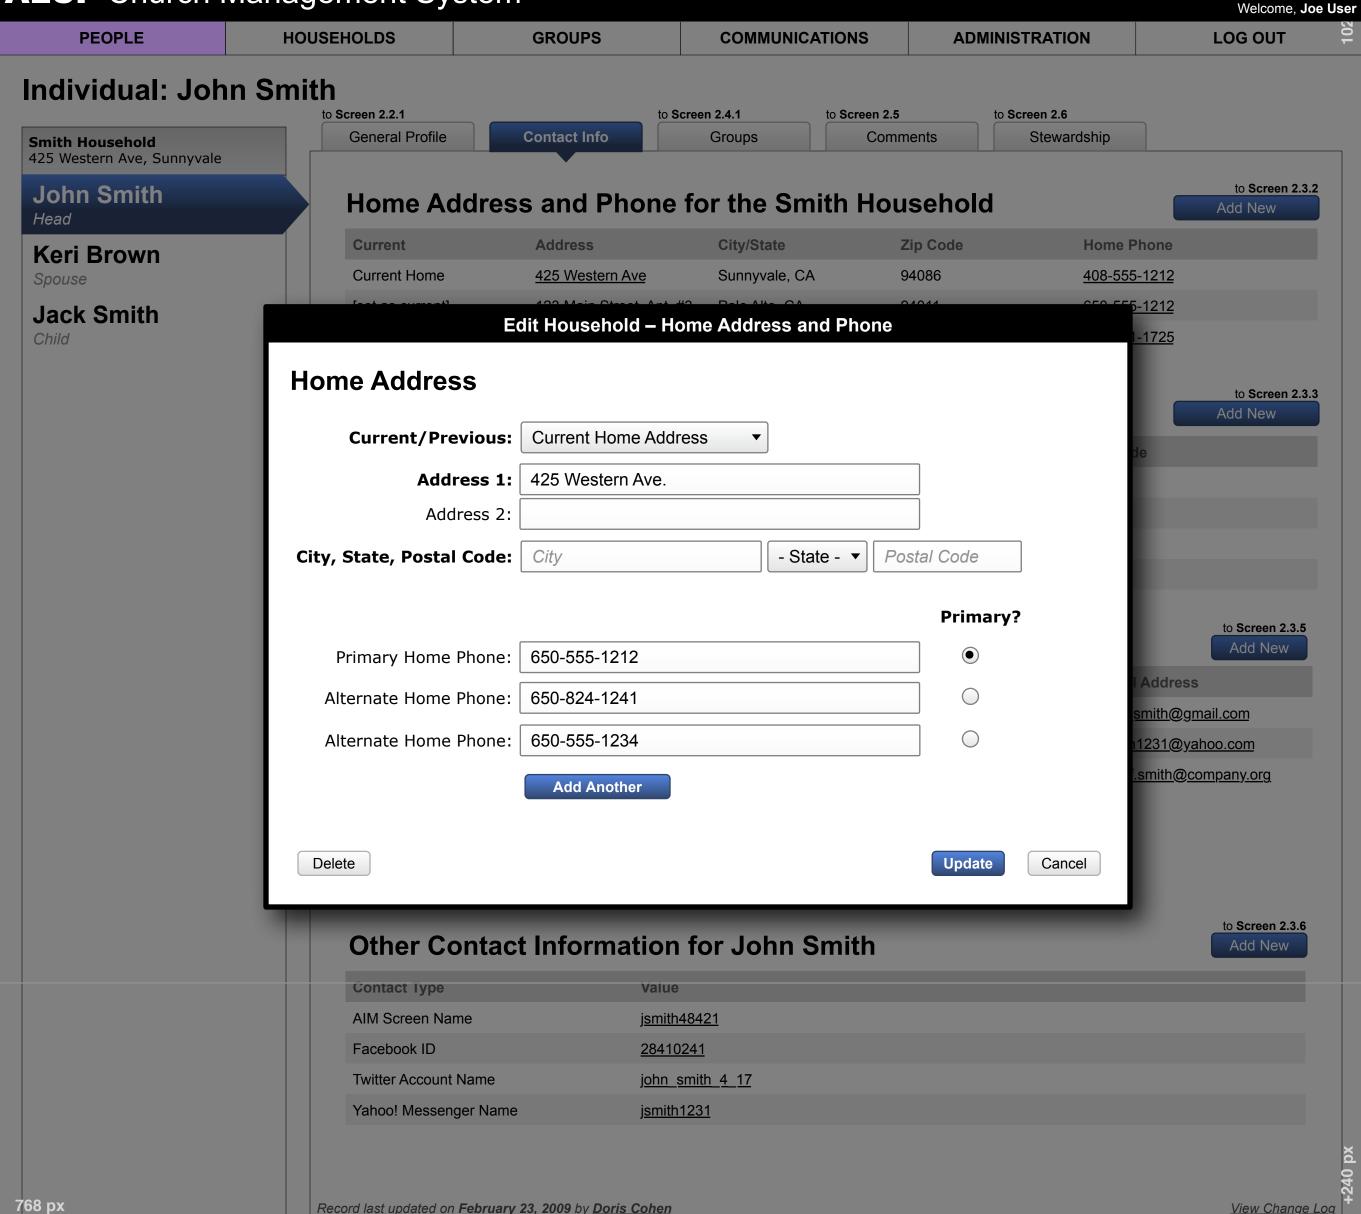

Clicking Add Another adds another blank "Alternate Home Phone" textbox to appear.

Clicking **Update** will save the record, while Delete will delete the record. The Update, Delete and Cancel buttons will close the window, redirecting the user back to Screen 2.3.1.

View an Individual – Stewardship

The entire Stewardship section (e.g. everything under 2.6.x including this 2.6 screen) can *only* be viewed by folks in the Stewardship team. There will be a special permission that is required in order for a user to be able to view anything in this section.

Every stewardship item must be associated with one and *only* one person. Reports (e.g. reports that can be mailed out to the individual) can be run against individuals or against households.

Date Range includes things like "View All", "Year to Date", "Month to Date", etc. See any program like Quicken for an example of date ranges to use.

Funds can be one of the following:

- Tithes/Offering
- Building Fund
- Specific to a Given Ministry
- Scholarship to a Given Event
- Support for a given individual or cause

List of specific ministries, events, and individuals or causes can be edited by anyone in the Stewardship committee in the Administration section. See **Screen ?.?** for more information.

In addition to the set list above, individual campaigns and additional funds can be created by anyone in the Stewardship Committee. Examples of additional funds include:

Imagine Campaign

• ?

Transaction Types can be one of the following:

- Cash
- Check (needs a check #)Credit Card (Online)
- Credit Card (Recurring)
- Corporate Match (Pre-Taxed)
- Corporate Match (Post-Taxed)
 Stock Donation
- Car/Automobile
- ?

Note that any pre-tax Corporate Match contribution should NOT be calculated in receipts used for taxdeductible purposes.

All transactions also have an internal "notes" or "comments" type of field, which can be edited and viewed only by folks in the Stewardship committee.

Clicking on any Check # will pop up a graphic with the check image. See dialog box in **Screen 2.6.2** for more information.

Clicking on any Date will pop up a dialog box similar to that in **Screen 2.6.1** allowing the user to edit or even delete the transaction.

Questions:

Do we need to deal with Anonymous contributions? How are those to be handled?
 Do we ever need to "flag" a given transaction (to be leaded into a to be for the leaded into a to be for the leaded.

be looked into at a later time)?

This will cause the current household to be split into

Note that the head of the current household must stay in this household. Only non-head household members can be split off.

All shared "previous home address" information will be copied over to the new household, and from this point forward they will be managed independently

The new address will be saved as the current home address for the new household. The current home address will be saved as a previous home address for the new household.

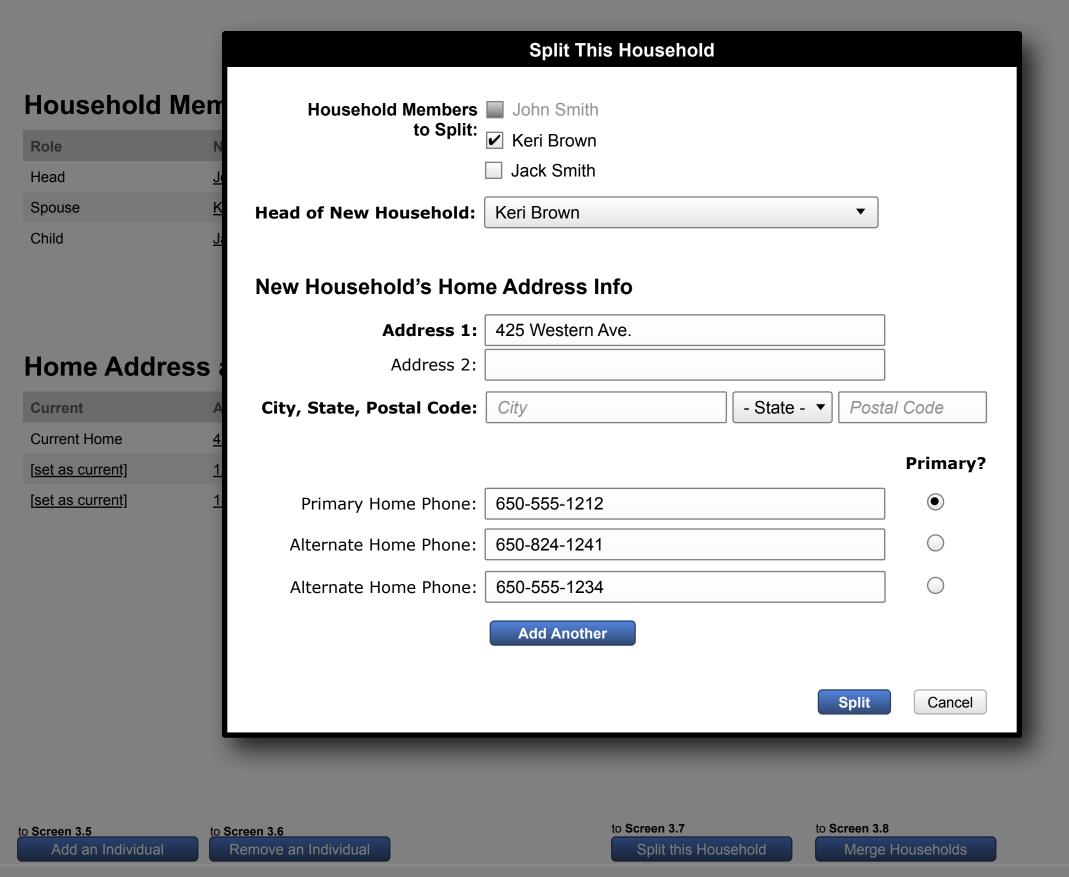

Current home address information for this household will remain unchanged.

After hitting "Split", the dialog box will close, redirecting the user to Screen 3.2 for the old household. However, as a convenience a notice of the split will appear at the top of Screen 3.2 for 2 weeks, with a link to "the other household".

This will merge data from another household with this household, combining both into a single, combined household.

Any matching "previous home address" data will be combined together. Any non-matching "previous home address" data will be reassigned to the individual instead of the household. The "current home address" information will become a "previous home address" for each individual in the household

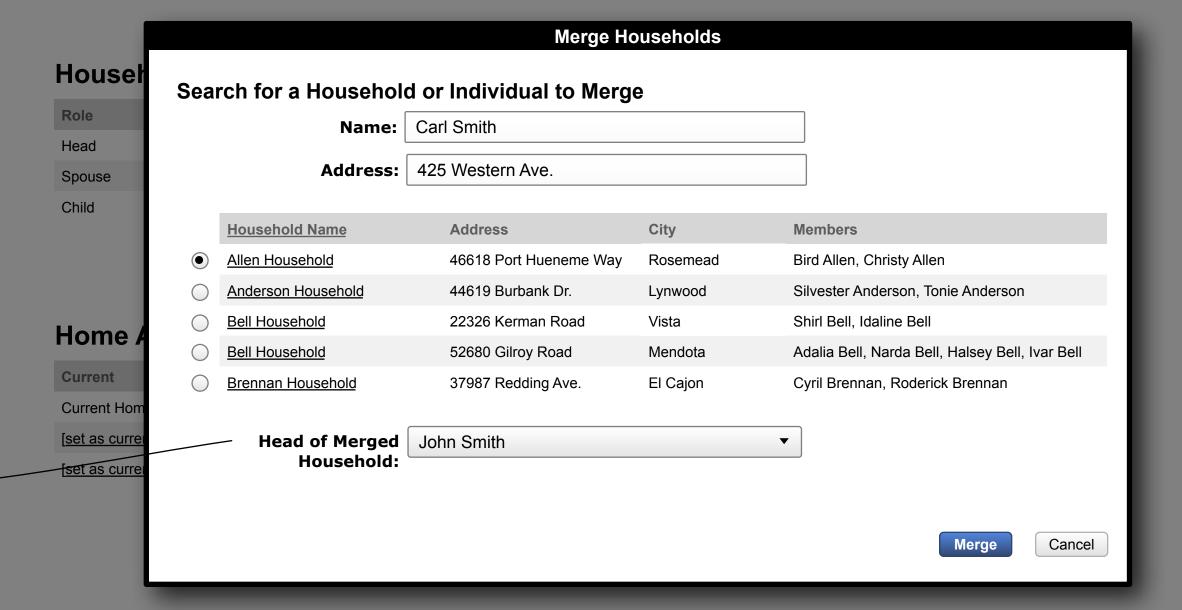

After hitting "Merge", the dialog box will close, redirecting the user to **Screen 3.2** for the combined household. If there is any old "Recently Split from..." messaging on either household, that will no longer appear.

into groups or organizational units. Groups can either be for specific tasks or events (e.g. "Worship Team", "Marriage Retreat 2010 Attendee", etc.), or they can be a ministry in and of itself (e.g. "OASIS", "Real World", etc.).

Groups must belong to at least one or more ministry which oversees the management of the group.

Groups can have an email alias (e.g. realworld@groups.alcf.net) as well as one or more individuals (e.g. staff member, lay leader, etc.) who moderates and manages the email alias. Email options for each group can be one of the following: * Announce Only – only moderators and users affiliated with this ministry is allowed to send

- * **Private List** only members of the group can send messages to the list
- * Public List anyone can send messages to the list

These are the following "Types" of groups:

* Ad Hoc – these are self-service groups that need to be further-defined.

- * Category see below for more information * Growth – these are Growth Groups, which has a host, a facilitator, and a structure type (e.g. Young Adult, Regular, Spanish Speaking, etc.)
- * Regular these groups are for everything else * Smart – these groups cannot have individuals manually added or removed to it, but instead its membership is defined by rules (e.g. "any individual who is listed as a facilitator of a Growth Group")

To help with the organization of groups, groups can have a category, and categories can be nested. Note that categories, in and of themselves, cannot have individual members assigned to it. However, categories can also have email aliases (e.g. safarikids@groups.alcf.net) where the message would be sent out to the distinct set of individuals who are part of any group that belongs to the "Safari Kids" category.

Normally, any groups that an individual is part of will be listed in the individual's profile page on **Screen 2.4.1**. However, if a specific group is marked as "Confidential", the individual's membership will NOT be made known to any user not affiliated with the ministry that the group is part of.

Any logged-in user can view the membership of any non-confidential group. For confidential groups, only users affiliated with the ministry of that group can view the membership.

Only users affiliated with the ministry of a group can edit the membership, name, categorization and other properties of a given group. They are also the only ones who can create new groups and view/edit roles for the ministry.

Edit Group

Because a multiple-ministry group needs to be at the top level, Parent Category will gray out if multiple ministries are selected.

Also, because a group is automatically part of a ministry if it has a parent category, ministries will be grayed out if Parent Category is *not* "None".

View Group Roles for Ministry

Allows the user to view and edit assignable group roles for the ministry.

Only users affiliated with a given ministry can view or edit the roles for that ministry.

Only roles that are not currently being used are able to be Deleted.

Clicking on "Edit" allows the user to use the textbox to edit a particular role name. "Add Role" disappears and "Update" and "Cancel" appear instead.
