Main Menu

This acts as the "Main Menu" for the entire admin-site of the application.

It also includes two "quick search" options at the top of the page.

There are two roles for Staff Members who are using the ChMS Membership Subsystem:
• Staff User
• ChMS Administrator

For the most part, ChMS Administrators have the ability to add/delete other users, and also have the capability of setting permissions on each Staff User. Staff Users can have the following permissions set on it:
• CanViewStewardship
• CanViewConfidentialNotes

The **Administration** button and tab (in the navbar) is only accessible to those ChMS Users that have this permission.

Search for an Individual

This allows the user to search for an any individual in the ChMS.

Each individual can be a membership status of type:
• Member
• Non-Member/Tithe
• ?
• ?

To Confirm: Membership Status is based on the individual and *not* the household. So it is possible to have a household where one is a member and the other one is a non-member/tithe.

Columns can be sorted by any column in either ascending or descending order. By default, it is sorted by Last Name in ascending order.

Clicking any First or Last name for an individual will take the user to **Screen 2.2** for that individual.

Edit an Individual – Family and Households

This screen allows a user to edit an individual's status in families and in households.

If a "Married To" name is entered, that name **must** be associated with an actual database record for that Individual.

Therefore, changing the name will refresh the datagrid of individuals. If a name is entered, the individual **must** be selected — if none is selected, then the user will be prompted "Create a new database record for 'Keri Brown' as a new Individual?" The user must either specify "Yes" or must enter in another name to find the Individual's record in the database.

If a new individual is created, then the individual will automatically be added to this person's household. If an existing individual is selected, then the user will be prompted "Merge into a single household?"

Update will save the data and then close the window (taking the user back to where he or she came from).

Close will simply close the window (taking the user back to where he or she came from) without saving anything to the database.

View an Individual – Contact Information Tab Single Household

This screen shows all the various contact informations for this Individual, both through his/her household (e.g. home phone and home address) as well as individual contact information (e.g. business phone and business address, email, etc.)

The **Add New** button is used to add a new current home address for the household — in essence, it's to be used when the household is reporting a move to a new house.

Clicking on any of the addresses allows the user to edit the address information -- but it's primarily to be used to edit/fix mistakes. If a new address is to be reported (e.g. due to a move), the **Add New** button should be used instead, so that old/historic home address information can be kept in the system.

Clicking on any address or the **Add New** button will redirect the user to **Screen 2.3.2**.

Clicking on **Set as Current** will simply relabel the address as the "Current Home" address. Any "Current Home" address will be set as a Previous Home address.

For multi-person households, changes will apply to all members of the household.

Clicking on any address in "other addresses" or the **Add New** button will redirect the user to **Screen 2.3.3**.

Address Types for "other addresses" can be:
• Current Work
• Previous Work
• Previous Home (only for individuals who are in at least one multi-person household)
• Other

Clicking on non-home telephone or the **Add New** button will redirect the user to **Screen 2.3.4**.

Note: the only way to edit/add/remove a Home phone is to go through the "Home Address and Phone for the Smith Household" at the top of the page (e.g. through Screen 2.3.2)

Telephone Types for "Phone Information" can be:
• Home (only editable via Screen 2.3.2)
• Mobile
• Work
• Fax
• Other

Only one phone can be set as "Primary".

Clicking on email address or the **Add New** button will redirect the user to **Screen 2.3.5**.

Clicking on any "Other Contact" or the **Add New** button will redirect the user to **Screen 2.3.6**.

Edit an Individual – Household Address and Phone

This dialog box allows the user to add a new or edit an existing Household home address and phone. This is to be used by all individuals, regardless of household status.

If the individual is in just one, single-person household, then the dialog box title would say "Edit Individual Home Address and Phone".

Options are:
• Current Home Address
• Previous Home Address

If this address being edited is either new or not current, and if the user selects this to be a Current Home Address, upon clicking **Update** the user will first be warned "You are about to save a new Current Home Address. This will set the current home address to being a "previous home address". Are you sure you want to continue?"

Clicking **Add Another** adds another blank "Alternate Home Phone" textbox to appear.

Clicking **Update** will save the record. Both **Update** and **Cancel** will close the window, redirecting the user back to **Screen 2.3.1**.

Edit an Individual – Phone Number

This dialog box allows the user to add a new or edit an existing phone number assigned to this individual. Note that this is only applicable for non-home phone numbers. Home phone numbers can only be edited through **Screen 2.3.2**.

This dialog box is to be used for all individuals, regardless of household status.

See **Screen 2.3.1** for phone type information.

If this phone being edited is either new or not the Primary, and if the user selects this to be the Primary, upon clicking **Update** the user will first be warned "You are about to make this the Primary phone number for this individual. This will cause the current primary to no longer being primary. Are you sure you want to continue?"

Clicking **Update** will save the record. Both **Update** and **Cancel** will close the window, redirecting the user back to **Screen 2.3.1**.

Edit Individual — Ministry Participation

This dialog box is to be used when editing an existing ministry participation or in creating a new one.

In order to better manage ministries and sub-ministries, ministry drop-downs could be hierarchical.

Roles can include an "other", where a textbox will appear and a new role can be entered.

Clicking on any date will show a date-textbox to appear over the date.

Add a Membership Period appears only if there is no current participation. When clicked, a new row will appear where the dates can be clicked to edit.

View an Individual – Comments

This screen shows all the staff, general and pastor comments for this individual.

There are three levels of comment privacy:
• Confidential – can only be viewed by pastors and executive staff members
• Staff Comments – can be viewed by any ALCF staff member
• General Comments – can be viewed by anyone with access to the ChMS, including lay ministry leaders

"Posted By" filter will only list the names of users who have posted a comment on this individual.

"Comment Type" filter will be any of the levels of comment privacy that this user is allowed to see.

"Edit" is only available for comments that the user has actually entered — no one is able to edit a comment that they didn't enter. Clicking on "Edit" brings up a similar dialog box to that in **Screen 2.5.1**

"Hide" will hide the comment for all users. It can reappear if the user chooses to "include hidden comments" and then "unhides" the comment.

View an Individual – Stewardship

The entire Stewardship section (e.g. everything under 2.6.x including this 2.6 screen) can *only* be viewed by folks in the Stewardship team. There will be a special permission that is required in order for a user to be able to view anything in this section.

Every stewardship item must be associated with one and *only* one person. Reports (e.g. reports that can be mailed out to the individual) can be run against individuals or against households.

Date Range includes things like "View All", "Year to Date", "Month to Date", etc. See any program like Quicken for an example of date ranges to use.

Funds can be one of the following:
• Tithes/Offering
• Building Fund
• Specific to a Given Ministry
• Scholarship to a Given Event
• Support for a given individual or cause

List of specific ministries, events, and individuals or causes can be edited by anyone in the Stewardship committee in the Administration section. See **Screen ?.?** for more information.

In addition to the set list above, individual campaigns and additional funds can be created by anyone in the Stewardship Committee. Examples of additional funds include:
• Imagine Campaign
• ?

Transaction Types can be one of the following:
• Cash
• Check (needs a check #)
• Credit Card (Online)
• Credit Card (Recurring)
• Corporate Match (Pre-Taxed)
• Corporate Match (Post-Taxed)
• Stock Donation
• Car/Automobile
• ?

Note that any pre-tax Corporate Match contribution should NOT be calculated in receipts used for tax-deductible purposes.

All transactions also have an internal "notes" or "comments" type of field, which can be edited and viewed only by folks in the Stewardship committee.

Clicking on any Check # will pop up a graphic with the check image. See dialog box in **Screen 2.6.2** for more information.

Clicking on any Date will pop up a dialog box similar to that in **Screen 2.6.1** allowing the user to edit or even delete the transaction.

Questions:
• Do we need to deal with Anonymous contributions? How are those to be handled?
• Do we ever need to "flag" a given transaction (to be looked into at a later time)?

Search for a Household

This allows the user to search for a specific household in the ChMS.

A household is a family unit that lives in the same address.

Note that roommates (e.g. two friends living in the same apartment) do NOT constitute a single household. If both roommates are single, they would both be in two distinct one-person households that happen to have the same address.

Households must have at least one individual in it.

Individuals must be part of at least one household (even if it is a single-individual household).

Individuals may be part of multiple households.

Link will take the user to **Screen 3.2** for that household.

Edit Household – Split Households

This will merge data from another household with this household, combining both into a single, combined household.

Any matching "previous home address" data will be combined together. Any non-matching "previous home address" data will be reassigned to the individual instead of the household. The "current home address" information will become a "previous home address" for each individual in the household being merged in.

After hitting "**Merge**", the dialog box will close, redirecting the user to **Screen 3.2** for the combined household. If there is any old "Recently Split from..." messaging on either household, that will no longer appear.

The only available choices are the Head of either merged household.

View Groups – Example for Worship Arts

Groups provide the ability to organize individuals into groups or organizational units. Groups can either be for specific tasks or events (e.g. "Worship Team", "Marriage Retreat 2010 Attendee", etc.), or they can be a ministry in and of itself (e.g. "OASIS", "Real World", etc.).

Groups must belong to at least one or more ministry which oversees the management of the group.

Groups can have an email alias (e.g. realworld@groups.alcf.net) as well as one or more individuals (e.g. staff member, lay leader, etc.) who moderates and manages the email alias. Email options for each group can be one of the following:
* **Announce Only** – only moderators and users affiliated with this ministry is allowed to send messages to this list
* **Private List** – only members of the group can send messages to the list
* **Public List** – anyone can send messages to the list

These are the following "Types" of groups:
* **Ad Hoc** – these are self-service groups that need to be further-defined.
* **Category** – see below for more information
* **Growth** – these are Growth Groups, which has a host, a facilitator, and a structure type (e.g. Young Adult, Regular, Spanish Speaking, etc.)
* **Regular** – these groups are for everything else
* **Smart** – these groups cannot have individuals manually added or removed to it, but instead its membership is defined by rules (e.g. "any individual who is listed as a facilitator of a Growth Group")

To help with the organization of groups, groups can have a category, and categories can be nested. Note that categories, in and of themselves, cannot have individual members assigned to it. However, categories can also have email aliases (e.g. safarikids@groups.alcf.net) where the message would be sent out to the distinct set of individuals who are part of any group that belongs to the "Safari Kids" category.

Normally, any groups that an individual is part of will be listed in the individual's profile page on **Screen 2.4.1**. However, if a specific group is marked as "Confidential", the individual's membership will NOT be made known to any user not affiliated with the ministry that the group is part of.

Any logged-in user can view the membership of any non-confidential group. For confidential groups, only users affiliated with the ministry of that group can view the membership.

Only users affiliated with the ministry of a group can edit the membership, name, categorization and other properties of a given group.
